## PRODUCT DESCRIPTION

Plamen fireplaces are built to be tough! Each unit is forged from a thick mould of high-quality cast iron – giving them the strength and durability to withstand many winters.

These stoves offer excellent radiant heating for your home, even long after the last log of wood has been added. Being efficient, closed-combustion fireplaces, the majority of the heat is released into the room rather than being wasted up the chimney.

With very impressive technical specifications, these wood-burning fireplaces offer a highly effective, yet economical heating solution. With great attention to detail given to the design and quality of each stove, a Plamen fireplace is an eye-catching addition to any home.

To improve the safety, performance and lifespan of the fireplaces, Plamen uses only high quality, heat-resistant glass. Thanks to the specialised, air-wash glass cleaning system, the soot deposits on the glass door are greatly reduced compared to other fireplaces on the market.

Each fireplace comes standard with a heat protective glove and wood stoker.

**ADDITIONAL INFORMATION**

<b>Weight</b>	108 kg
<b>Dimensions</b>	45 × 40 × 98.1 cm
<b>Material</b>	Cast iron
<b>Heat output</b>	8 – 11 kw
<b>Efficiency</b>	82%
<b>Energy rating</b>	A+
<b>CO emissions</b>	0.08%
<b>Combustion technology</b>	Primary, secondary & tertiary combustion
<b>Colour</b>	Black
<b>Fuel</b>	Wood
<b>Flue pipe diameter</b>	150 mm
<b>Flue exit</b>	Top
<b>Ash pan</b>	Slide out tray
<b>Warranty</b>	2-year warranty
<b>Country of manufacture</b>	Croatia
